Trip Report — Oregon: From the Coast to the Cascades 2026

August 29-September 9, 2026 with Cory Gregory & Alex Sundvall

What a beautiful sunset this was! And to think, this photo was literally taken from our dinner table! Experiences like this are why you should come check out Oregon with us! Photo by guide Cory Gregory.

Oregon, the 9th largest state, is home to a myriad of habitats and ecological zones, a wealth of flora, and with that comes an impressive diversity of birds. We sampled the many habitats of Oregon on this fall trip, starting and ending in Portland, and came away with a very impressive 225 species! Add to that the amazing sights and sounds, from sage-grouse on the sage slopes of Steens Mountain, the Spruce Grouse high up in the Wallowas, the incredible vista at Crater Lake National Park, all the way to the crashing waves of the Pacific Ocean. We saw so much of Oregon and Alex and I are proud to have had you along on such a great birding tour.

We got underway in Portland, where we didn't waste any time in seeing an incredible vista. Our very first stop was overlooking the grand Columbia River Gorge, followed by several famous waterfalls like Multnomah Falls, the tallest waterfall in Oregon. After that, we took advantage of a rarity that had been present and added the continuing Cocos Booby to our triplist! A lifer for some, this was an amazing bird to see 100 miles up the Columbia River! After lunch in a riverside town, we continued our way to northeast Oregon, stopping along the way. Once we made it to the Blue Mountains, we slowly worked the roadsides up in the Ponderosa Pine forest before finally winding our way down to La Grande where we stayed the night. It was a long day but we got to witness an incredible transition from wet to dry country.

One of the rarest birds we encountered was Spruce Grouse! But not just one or two, we found an entire family group high up in the Wallowa Mountains. The views were outstanding! Photo by guide Cory Gregory.

The next morning, we drove east, up into the Wallowa Mountains, enjoying a huge assortment of raptors on the way. It seemed like every single

telephone pole had a Swainson's Hawk on it! Once we climbed up in elevation, we did some birding along various trails and scored a couple important highlights. First off, we found a couple of excellent woodpeckers like Williamson's Sapsucker and then, even rarer, a nice American Three-toed Woodpecker! Nearby, we added Pileated Woodpecker, Canada Jay, and then we stumbled into an entire family group of Spruce Grouse! This is a very rare and hard-to-find species anywhere in Oregon and so we were really quite lucky. After enjoying crippling views, we descended out of the mountains and visited a few spots like Thief Valley Reservoir, but found it reserving nothing but grass and cattle! But still, some Chukar were fun birds to add to the list. After lunch and a bit of driving in the afternoon, we found a hillside just teeming with Lewis's Woodpeckers! We enjoyed these odd, raspberry-and-black woodpeckers before continuing on our way down to Hines where we settled in for two nights.

The next day was another full day of birding, one that started by driving south towards Malheur National Wildlife Refuge. But, before we could even get there, we had found multiple Ferruginous Hawks, one of the most regal predators on the Great Plains. We birded The Narrows, which was incredibly birdy thanks to a lot of water; Clark's Grebes swam right below us, a variety of ducks and shorebirds were present, and even a "Western" Marsh Wren popped out for us. Farther down the road, at the Malheur National Wildlife Refuge headquarters, we started a very birdy walk around the grounds. The headquarters compound is an island of trees, vegetation, and cover in an otherwise stark landscape, and the migrant birds were making the most of it. We found Common Nighthawks on dayroosts, watched Rufous Hummingbirds chasing off others from the feeders, enjoyed another swarm of Lewis's Woodpeckers, and saw some good migrant flycatchers as well, like Western Wood-Pewee and Gray Flycatcher. A Canyon Wren hopped around the buildings, some Western Tanagers were foraging on berries, and we added seven species of warblers, including MacGillivray's and Townsend's. After a picnic lunch on the refuge and enjoying some soaring Golden Eagles, we birded our way up to Steens Mountain. Things got exciting when we found some Greater Sage-Grouse right off the road! Incredibly lucky. Once we made it up to elevation, we enjoyed

spectacular views of Kiger Gorge and then the East Rim of Steens Mountain. We saw more than nice scenery though; we added Calliope Hummingbird, Clark's Nutcracker, and even some Cassin's Finches made appearances. On the way down the mountain, we added yet another great raptor, a Prairie Falcon. And finally, to close out the day, we enjoyed a slew of Black-tailed Jackrabbits before heading back up to town.

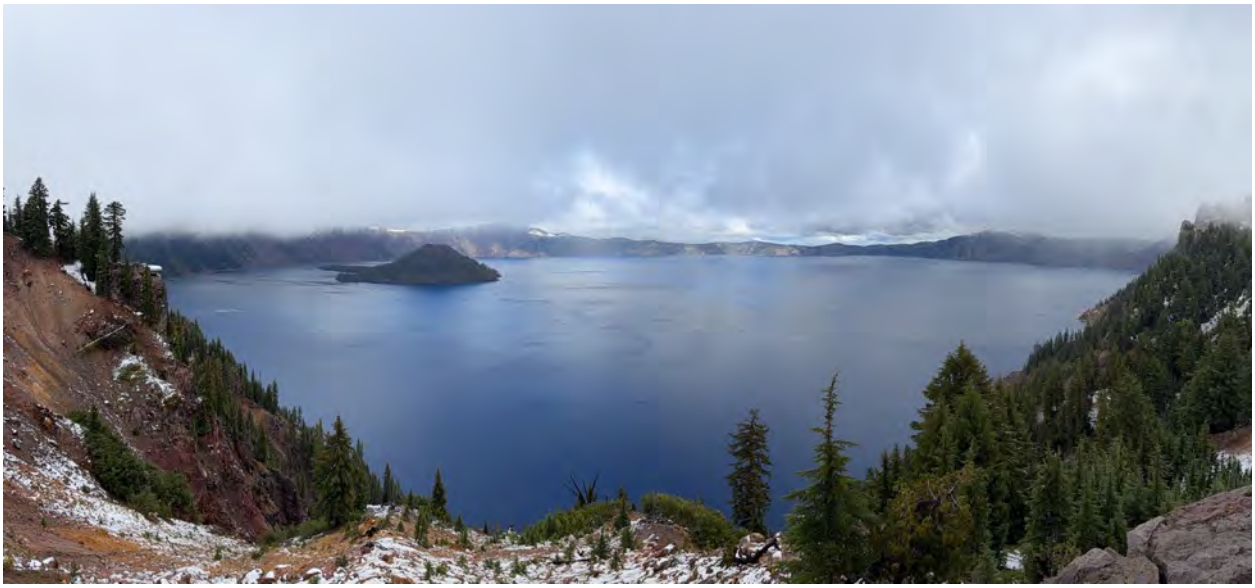

Another fantastic find was this Greater Sage-Grouse as we drove up Steens Mountain. This can be a very hard species to track down this time of year. Photo by guide Cory Gregory.

The next morning, our final in southeastern Oregon, we climbed up into the Malheur National Forest and enjoyed the cool temps along with some montane species like Steller's Jay, Clark's Nutcracker, Pygmy Nuthatch, and some great woodpeckers, like White-headed Woodpecker and Red-naped Sapsucker, both new for the list. After pulling ourselves away from the mountains, it was time to head west and so we left the Hines area and started through the sage flats. We made a stop at Chickahominy Reservoir, which was birdy and windy but that didn't stop our picnic lunch. Nearby we

connected with Sagebrush Sparrows, a habitat specialist we were keen to find! We spent the rest of the afternoon driving towards Bend, our home for two nights.

It was a cloudy and foggy morning the next day, which kept us from seeing the Three Sisters well. Still, we made our way into the town of Sisters and right away enjoyed some nice feeder birds like Cassin's Finch, Red Crossbill, Pygmy Nuthatch, and of course more Lewis's Woodpeckers. Up into the nearby mountains, we focused on a different suite of birds, and connected with a great Black-backed Woodpecker! Nearby, we also added Fox Sparrow, Nashville Warbler, and enjoyed more Mountain Chickadees, nuthatches, and creepers. Back down the mountain, we had some unfinished business to attend to. We took care of that when we found the roving flock of 80 Pinyon Jays roaming around Sisters! After enjoying the flock for quite a while, and seeing a nice Townsend's Solitaire, it was time for us to make our way back to Bend. That evening we enjoyed a dinner in downtown Bend and even caught the tail end of some Vaux's Swifts descending down a chimney to roost.

Our trip makes it a priority to visit Crater Lake National Park. In addition to the stunning view, heavy falling snow also made this stop memorable. Photo by guide Cory Gregory.

The next morning found us packing up and leaving Bend. Our first stop was at Hatfield Lake, where we found a nice variety of waterbirds, some Say's Phoebes, our first American Pipit, swarms of swallows, and a variety of other goodies. But then it was time to drive up, through gorgeous country, into the upper reaches of the Cascades. As we got closer to Crater Lake, we stopped short at Diamond Lake and enjoyed some great views of Barrow's Goldeneyes before moving on. As we drove up the sides of the crater, it began to snow! Beautiful scenes unfolded as the conifers stood there, snow-covered. After lunch and after returning to the rim, we braved the rain and snow and ventured out to witness the amazing sight of Crater Lake. Thankfully, the weather cleared just enough for us to be able to see all of it before the wintery haze moved back into place. Descending out of the snow zone, we stopped at a set of waterfalls which were still picturesque despite some drizzle. Even better, it hosted American Dipper and Pacific Wrens! After checking off a few new birds for our list, we hopped back in and dried off as we descended down into the valley. That evening we enjoyed our dinner inside an interesting old train station on the riverbanks before calling it a night.

The next morning greeted us with fantastic weather. After packing up, we birded in Roseburg along the South Umpqua River for a bit, scoring Acorn Woodpecker, Anna's Hummingbird, Bewick's Wren, Hooded Merganser, Black Phoebe, Western Warbling Vireo, and others. After we left town and started westward, we climbed into the Coast Range and stopped at a covered bridge where we encountered our first Wrentit and Willow Flycatcher of the trip. A little farther on, we stopped again at Myrtle Point Marsh and scoped few distant shorebirds like Baird's and Least sandpipers but we also heard a Virginia Rail grunting. That afternoon we finally made it to the coast, the first time we had seen the Pacific Ocean on the tour! In Bandon, we quickly started adding birds to our triplist like, Harlequin Duck, Surf Scoter, Black Oystercatcher, Black Turnstone, Parasitic Jaeger, three species of cormorants, as well as Brown Pelicans. It was a pleasure breathing in that sea breeze air, finally. We paid a quick visit to Face Rock before heading to our nice hotel. However, perhaps the nicest view of the day came from our dinner table as we enjoyed a sunset right on the water!

Our trip tallied an impressive 12 species of woodpeckers! That feat is very hard to do almost anywhere in the US. Here's the lovely White-headed Woodpecker, photographed by guide Cory Gregory.

We spent the entirety of the next day birding various spots along the beautiful Oregon Coast. From Bandon State Park, where we spotted our first Marbled Murrelet of the trip, to the Devil's Kitchen, Coquille River jetty, and to the Siltcoos River beach, where we finally turned up some Snowy Plovers! Along the way we saw a multitude of birds. Examples include Black Turnstones, White-winged Scoters, Sanderling, Heerman's Gulls, three species of loons, and even some rare Elegant Terns. We somehow also had time to enjoy seeing some Elk and Cobra Pitcher Plants as we wound our way up the coast towards Newport. That evening we enjoyed a delicious dinner right on the water which also happened to be right next to a floating platform with dozens of California Sea Lions on it! What a scene!

Wrentits have a lot of personality. What made this encounter even more adorable was the tiny tail that this bird was trying to grow in! Photo by guide Cory Gregory.

Our last day on the coast started with a trip north first thing in the morning. We stopped at Devil's Punchbowl, which delivered a couple of important rocky-coast birds for us. First, we finally added Surfbird! We also added Red Knot and Wandering Tattler to our triplist. Incredible number of Alcids were offshore too, like 50+ Marbled Murrelets! We moved up the coast a little to Boiler Bay where we settled in for another hour-long seawatch. We enjoyed studying the gulls a bit (and finally pulling out a pure Glaucous-winged Gull), but also seeing more Alcids like Common Murre, Pigeon Guillemot, and even 40 Rhinoceros Auklets. We came back towards Newport in order to visit Yaquina Head, which yielded much of the same; Harlequin Duck, Wandering Tattler, Red-necked Phalarope, Chestnut-backed Chickadee, and others. After a roadside lunch of fresh seafood, we birded south of Newport a little bit and took a walk at Ona Beach State Park. The rivermouth was loaded with birds like Semipalmated Plover, Sanderling, Pectoral Sandpiper, Least Sandpiper, Western Sandpiper, and we got to

enjoy another Heerman's Gull too. Later that afternoon we visited the Hatfield Marine Science Center where we added Hudsonian Whimbrel, Short-billed Dowitcher, Bonaparte's Gull, and a mix of the expected gulls. We had another lovely dinner overlooking the ocean which was a nice farewell for us.

We capped off the trip with a fun, final birding outing. We ventured into Portland where we watched more than 7000 Vaux's Swifts dive down into ONE chimney as they went to roost. Truly unbelievable and so fun to watch. Photo by guide Cory Gregory.

Our last day of the trip got off to an early start! We had a quick bite to eat in Newport before making the hour drive inland to Marys Peak. But we made good time and got there in plenty of time before slowly starting to drive up the mountain. It didn't take long for us to spot one of our main targets, Mountain Quail! As the sun rose and broke through the morning fog, some beautiful sights unfolded along the road. The magic continued and we found the most-wanted target of the day (and maybe even the trip), Sooty Grouse! Yes! Up top, we enjoyed awesome views of a Northern Pygmy-Owl as well as another MacGillivray's Warbler, Pacific Wren, Evening Grosbeak,

and some tiny Golden-crowned Kinglets. Whew, another productive stop! After descending down the mountain, we birded at some new spots which yielded even more new species such as Purple Finch, Red-breasted Sapsucker, Hutton's Vireo, and others. A quick visit to some sewage ponds delivered a nice mix of ducks including Blue-winged and Cinnamon teal, shovelers, Gadwall, Ring-necked Duck, Lesser Scaup, and some other common dabblers. But, by this time, it was time to head back to Portland. However, our final evening had a perfect cap to it! We visited a local chimney and watched as more than seven thousand (!!) Vaux's Swifts circled and then spiraled down into a relatively small chimney! It was an epic show, one that was being enjoyed by dozens of local enthusiasts from around the neighborhood. With that, our trip came to a close.

Alex and I want to thank all of you for making this a fun and memorable trip, filled to the brim with birding, scenery, and lots of spectacular Oregon landscapes. With a total of 225 species, this went down as the most species ever tallied on one of our Oregon tours! We hope you enjoyed the rich flora and fauna of this large, northwestern state, and thanks again for choosing Field Guides for your adventure. We'll see you next time!

Our final morning had us creeping up Marys Peak in search of quail and grouse (which we found!). But as the morning light started to crash through the forest, a beautiful scene unfolded. Photo by guide Cory Gregory.

Other critters we tallied:

Mountain Cottontail (*Sylvilagus nuttalli*)
Black-tailed Jackrabbit (*Lepus californicus*)
Least Chipmunk (*Neotamias minimus*)
Townsend's Chipmunk (*Noetamias townsendii*)
Yellow-pine Chipmunk (*Neotamias amoenus*)
Eastern Cottontail (*Sylvilagus floridanus*)
Common Golden-mantled Ground Squirrel (*Callospermophilus lateralis*)
Western Gray Squirrel (*Sciurus griseus*)
Eastern Fox Squirrel (*Sciurus niger*)
Douglas's Squirrel (*Tamiasciurus douglasii*)
Coyote (*Canis latrans*)
Red Fox (*Vulpes vulpes*)
California Sea Lion (*Zalophus californianus*)

Harbor Seal (*Phoca vitulina*)
Harbor Porpoise (*Phocoena phocoena*)
"Roosevelt" Elk (*Cervus canadensis roosevelti*)
Mule Deer (*Odocoileus hemionus*)
White-tailed Deer (*Odocoileus virginianus*)
Bighorn Sheep (*Ovis canadensis*)
Pronghorn (*Antilocapra americana*)

Checklists

Species Observed

Show all details

269	Canada Goose *Branta canadensis*	13
3	Wood Duck *Aix sponsa*	1
1	Blue-winged Teal *Spatula discors*	1
94	Cinnamon Teal *Spatula cyanoptera*	4
1152	Northern Shoveler *Spatula clypeata*	5
248	Gadwall *Mareca strepera*	7
172	American Wigeon *Mareca americana*	7
207	Mallard *Anas platyrhynchos*	15
352	Northern Pintail *Anas acuta*	5
114	Green-winged Teal *Anas crecca*	6
6	Canvasback *Aythya valisineria*	2
22	Redhead *Aythya americana*	3
46	Ring-necked Duck *Aythya collaris*	3
4	Lesser Scaup *Aythya affinis*	1
49	Harlequin Duck *Histrionicus histrionicus*	3
976	Surf Scoter *Melanitta perspicillata*	11
128	White-winged Scoter *Melanitta deglandi*	5
32	Bufflehead *Bucephala albeola*	3
20	Barrow's Goldeneye *Bucephala islandica*	1
10	Hooded Merganser *Lophodytes cucullatus*	6

6	Common Merganser	*Mergus merganser*	2
105	Ruddy Duck	*Oxyura jamaicensis*	4
3	Mountain Quail	*Oreortyx pictus*	1
35	California Quail	*Callipepla californica* *	7
17	Wild Turkey	*Meleagris gallopavo* *	3
3	Ruffed Grouse	*Bonasa umbellus*	1
3	Greater Sage-Grouse	*Centrocercus urophasianus*	1
1	Sooty Grouse	*Dendragapus fuliginosus*	1
8	Spruce Grouse	*Canachites canadensis*	1
6	Ring-necked Pheasant	*Phasianus colchicus* *	4
9	Chukar	*Alectoris chukar* *	2
49	Rock Pigeon	*Columba livia* *	10
35	Band-tailed Pigeon	*Patagioenas fasciata*	6
36	Eurasian Collared-Dove	*Streptopelia decaocto* *	13
24	Mourning Dove	*Zenaida macroura*	14
43	Common Nighthawk	*Chordeiles minor*	7
7764	Vaux's Swift	*Chaetura vauxi*	8
4	Black-chinned Hummingbird	*Archilochus alexandri*	1
6	Anna's Hummingbird	*Calypte anna*	2
1	Calliope Hummingbird	*Selasphorus calliope*	1
8	Rufous Hummingbird	*Selasphorus rufus*	1
1	Virginia Rail	*Rallus limicola*	1
589	American Coot	*Fulica americana*	9

3	Sandhill Crane	*Antigone canadensis*	1
12	Black-necked Stilt	*Himantopus mexicanus*	1
1	American Avocet	*Recurvirostra americana*	1
25	Black Oystercatcher	*Haematopus bachmani*	7
1	Black-bellied Plover	*Pluvialis squatarola*	1
43	Killdeer	*Charadrius vociferus*	10
84	Semipalmated Plover	*Charadrius semipalmatus*	4
2	Snowy Plover	*Anarhynchus nivosus*	1
5	Hudsonian Whimbrel	*Numenius hudsonicus*	1
2	Short-billed Dowitcher	*Limnodromus griseus*	2
30	Long-billed Dowitcher	*Limnodromus scolopaceus*	1
1	Wilson's Snipe	*Gallinago delicata*	1
324	Red-necked Phalarope	*Phalaropus lobatus*	9
9	Spotted Sandpiper	*Actitis macularius*	5
1	Solitary Sandpiper	*Tringa solitaria*	1
3	Wandering Tattler	*Tringa incana*	2
2	Lesser Yellowlegs	*Tringa flavipes*	1
3	Greater Yellowlegs	*Tringa melanoleuca*	2
33	Black Turnstone	*Arenaria melanocephala*	7
1	Red Knot	*Calidris canutus*	1
1	Surfbird	*Calidris virgata*	1
50	Sanderling	*Calidris alba*	5
12	Baird's Sandpiper	*Calidris bairdii*	5

150	Least Sandpiper *Calidris minutilla*	7
1	Pectoral Sandpiper *Calidris melanotos*	1
2383	Western Sandpiper *Calidris mauri*	6
8	Parasitic Jaeger *Stercorarius parasiticus*	4
40	Rhinoceros Auklet *Cerorhinca monocerata*	1
75	Marbled Murrelet *Brachyramphus marmoratus*	3
34	Pigeon Guillemot *Cepphus columba*	5
60	Common Murre *Uria aalge*	6
2	Bonaparte's Gull *Chroicocephalus philadelphia*	2
6	Franklin's Gull *Leucophaeus pipixcan*	2
5	Heermann's Gull *Larus heermanni*	3
15	Ring-billed Gull *Larus delawarensis*	5
366	Western Gull *Larus occidentalis*	13
459	California Gull *Larus californicus*	17
5	Glaucous-winged Gull *Larus glaucescens*	2
12	Caspian Tern *Hydroprogne caspia*	5
2	Arctic Tern *Sterna paradisaea*	1
1	Common Tern *Sterna hirundo*	1
21	Elegant Tern *Thalasseus elegans*	1
48	Pied-billed Grebe *Podilymbus podiceps*	10
8	Red-necked Grebe *Podiceps grisegena*	6
29	Eared Grebe *Podiceps nigricollis*	5
61	Western Grebe *Aechmophorus occidentalis*	10

13	Clark's Grebe *Aechmophorus clarkii*	2
157	Red-throated Loon *Gavia stellata*	6
28	Pacific Loon *Gavia pacifica*	6
15	Common Loon *Gavia immer*	3
185	Sooty Shearwater *Ardenna grisea*	6
1	Cocos Booby *Sula brewsteri*	1
524	Brandt's Cormorant *Urile penicillatus*	11
344	Pelagic Cormorant *Urile pelagicus*	12
308	Double-crested Cormorant *Nannopterum auritum*	13
7	White-faced Ibis *Plegadis chihi*	2
7	Black-crowned Night Heron *Nycticorax nycticorax*	1
2	Green Heron *Butorides virescens*	1
14	Great Egret *Ardea alba*	7
22	Great Blue Heron *Ardea herodias*	11
24	American White Pelican *Pelecanus erythrorhynchos*	2
120	Brown Pelican *Pelecanus occidentalis*	9
110	Turkey Vulture *Cathartes aura*	34
16	Osprey *Pandion haliaetus*	8
4	Golden Eagle *Aquila chrysaetos*	3
7	Sharp-shinned Hawk *Accipiter striatus*	5
5	Cooper's Hawk *Astur cooperii*	5
17	Northern Harrier *Circus hudsonius*	8
1	Bald Eagle *Haliaeetus leucocephalus*	1

5	Red-shouldered Hawk	*Buteo lineatus*	5
47	Swainson's Hawk	*Buteo swainsoni*	9
54	Red-tailed Hawk	*Buteo jamaicensis*	27
4	Ferruginous Hawk	*Buteo regalis*	4
1	Great Horned Owl	*Bubo virginianus*	1
1	Northern Pygmy-Owl	*Glaucidium gnoma*	1
8	Belted Kingfisher	*Megaceryle alcyon*	6
1	Williamson's Sapsucker	*Sphyrapicus thyroideus*	1
4	Red-naped Sapsucker	*Sphyrapicus nuchalis*	1
1	Red-breasted Sapsucker	*Sphyrapicus ruber*	1
21	Lewis's Woodpecker	*Melanerpes lewis*	4
20	Acorn Woodpecker	*Melanerpes formicivorus*	3
1	American Three-toed Woodpecker	*Picoides dorsalis*	1
1	Black-backed Woodpecker	*Picoides arcticus*	1
5	Downy Woodpecker	*Dryobates pubescens*	5
9	Hairy Woodpecker	*Leuconotopicus villosus*	5
4	White-headed Woodpecker	*Leuconotopicus albolarvatus*	3
4	Pileated Woodpecker	*Dryocopus pileatus*	3
31	Northern Flicker	*Colaptes auratus*	20
33	American Kestrel	*Falco sparverius*	18
2	Peregrine Falcon	*Falco peregrinus*	2
1	Prairie Falcon	*Falco mexicanus*	1
7	Western Wood-Pewee	*Contopus sordidulus*	3

1	Willow Flycatcher	*Empidonax traillii*	1
1	Hammond's Flycatcher	*Empidonax hammondii*	1
2	Gray Flycatcher	*Empidonax wrightii*	2
3	Dusky Flycatcher	*Empidonax oberholseri*	3
6	Black Phoebe	*Sayornis nigricans*	6
9	Say's Phoebe	*Sayornis saya*	5
5	Eastern Kingbird	*Tyrannus tyrannus*	2
2	Hutton's Vireo	*Vireo huttoni*	1
3	Cassin's Vireo	*Vireo cassinii*	3
10	Western Warbling Vireo	*Vireo swainsoni*	4
4	Loggerhead Shrike	*Lanius ludovicianus*	2
9	Canada Jay	*Perisoreus canadensis*	3
82	Pinyon Jay	*Gymnorhinus cyanocephalus*	2
46	Steller's Jay	*Cyanocitta stelleri*	22
27	California Scrub-Jay	*Aphelocoma californica*	10
66	Black-billed Magpie	*Pica hudsonia*	14
10	Clark's Nutcracker	*Nucifraga columbiana*	4
147	American Crow	*Corvus brachyrhynchos*	23
104	Common Raven	*Corvus corax*	40
27	Black-capped Chickadee	*Poecile atricapillus*	5
48	Mountain Chickadee	*Poecile gambeli*	11
42	Chestnut-backed Chickadee	*Poecile rufescens*	13
12	Horned Lark	*Eremophila alpestris*	1

4	Bank Swallow *Riparia riparia*	2
179	Violet-green Swallow *Tachycineta thalassina*	9
2	Purple Martin *Progne subis*	1
514	Barn Swallow *Hirundo rustica*	30
2	Cliff Swallow *Petrochelidon pyrrhonota*	2
40	Bushtit *Psaltriparus minimus*	1
7	Wrentit *Chamaea fasciata*	3
1	Ruby-crowned Kinglet *Corthylio calendula*	1
11	Golden-crowned Kinglet *Regulus satrapa*	3
26	White-breasted Nuthatch *Sitta carolinensis*	12
41	Pygmy Nuthatch *Sitta pygmaea*	7
45	Red-breasted Nuthatch *Sitta canadensis*	12
14	Brown Creeper *Certhia americana*	9
4	Rock Wren *Salpinctes obsoletus*	2
1	Canyon Wren *Catherpes mexicanus*	1
1	Northern House Wren *Troglodytes aedon*	1
7	Pacific Wren *Nannus pacificus*	6
3	Western Marsh Wren *Cistothorus paludicola*	1
9	Bewick's Wren *Thryomanes bewickii*	4
1	American Dipper *Cinclus mexicanus*	1
797	European Starling *Sturnus vulgaris* *	17
7	Sage Thrasher *Oreoscoptes montanus*	4
55	Western Bluebird *Sialia mexicana*	10

29	Mountain Bluebird	*Sialia currucoides*	5
8	Townsend's Solitaire	*Myadestes townsendi*	3
5	Swainson's Thrush	*Catharus ustulatus*	4
3	Hermit Thrush	*Catharus guttatus*	2
166	American Robin	*Turdus migratorius*	25
130	Cedar Waxwing	*Bombycilla cedrorum*	13
56	House Sparrow	*Passer domesticus* *	6
4	American Pipit	*Anthus rubescens*	2
47	Evening Grosbeak	*Hesperiphona vespertina*	7
56	House Finch	*Haemorhous mexicanus*	11
6	Purple Finch	*Haemorhous purpureus*	1
35	Cassin's Finch	*Haemorhous cassinii*	8
17	Red Crossbill	*Loxia curvirostra*	4
47	Pine Siskin	*Spinus pinus*	7
88	Lesser Goldfinch	*Spinus psaltria*	8
2	American Goldfinch	*Spinus tristis*	2
18	Chipping Sparrow	*Spizella passerina*	4
8	Brewer's Sparrow	*Spizella breweri*	3
10	Fox Sparrow	*Passerella iliaca*	3
90	Dark-eyed Junco	*Junco hyemalis*	16
31	White-crowned Sparrow	*Zonotrichia leucophrys*	11
5	Sagebrush Sparrow	*Artemisiospiza nevadensis*	1
11	Vesper Sparrow	*Pooecetes gramineus*	6

10	Savannah Sparrow	*Passerculus sandwichensis*	5
17	Song Sparrow	*Melospiza melodia*	13
1	Lincoln's Sparrow	*Melospiza lincolnii*	1
1	Green-tailed Towhee	*Pipilo chlorurus*	1
13	Spotted Towhee	*Pipilo maculatus*	7
20	Yellow-headed Blackbird	*Xanthocephalus xanthocephalus*	3
42	Western Meadowlark	*Sturnella neglecta*	8
107	Red-winged Blackbird	*Agelaius phoeniceus*	10
506	Brewer's Blackbird	*Euphagus cyanocephalus*	23
8	Orange-crowned Warbler	*Leiothlypis celata*	7
2	Nashville Warbler	*Leiothlypis ruficapilla*	1
2	MacGillivray's Warbler	*Geothlypis tolmiei*	2
1	Common Yellowthroat	*Geothlypis trichas*	1
17	Northern Yellow Warbler	*Setophaga aestiva*	3
44	Yellow-rumped Warbler	*Setophaga coronata*	13
4	Black-throated Gray Warbler	*Setophaga nigrescens*	3
3	Townsend's Warbler	*Setophaga townsendi*	2
